# castor oil benefits

**How does it work?** Castor oil is rich in ricinoleic acid, known for its ability to penetrate the skin & influence various bodily functions. By activating specific receptors, it may help support your body's natural processes that promote overall health & wellness.

**May help with pain relief:** By activating EP3 receptors in the body, castor oil may help to regulate inflammation, potentially reducing swelling & pain.

**Natural detox:** It's believed that when applied externally, castor oil's interaction with lymphatic system receptors may aid in detoxification by promoting the movement of lymph fluid to remove toxins.

**Support circulation & healing:** Castor oil may help to widen blood vessels. Increased blood flow aids in the delivery of nutrients & oxygen, contributing to tissue repair & overall well-being.

# blending benefits

Blending castor oil with essential oils creates a powerful synergy. With its excellent absorption properties, castor oil acts as a carrier, allowing the oils to penetrate deeply into the skin, maximising their therapeutic effects.

## **Castor Oil with Frankincense Roll-On:**

- **May Reduce Scars and Stretch Marks:** Frankincense may promote cell regeneration and tissue repair, enhancing skin elasticity.
- **Anti-Aging:** Antioxidants protect against free radical damage, potentially minimising wrinkles and fine lines.

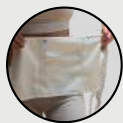

## **Castor Oil with Jojoba Roll-On:**

- **Balances and Hydrates:** Jojoba mimics natural skin oils to regulate oil production, providing deep hydration without clogging pores, ideal for all skin types.
- **Soothes and Protects:** Anti-inflammatory and antioxidant properties reduce irritation, redness, and shield against environmental stressors.

A photograph of a copper bracelet and a matching ring. Both pieces are intricately engraved with a complex knotwork or Celtic-style pattern. The bracelet is positioned in the upper half of the frame, and the ring is below it. They are resting on a large, vibrant green leaf with prominent veins. The background is a soft-focus view of window blinds, creating a layered, natural aesthetic. The text 'pure copper jewellery' is overlaid in a clean, white, sans-serif font, centered over the bracelet and ring.

# pure copper benefits

**How does it work?** It's believed that small amounts of copper ions may be absorbed through the skin when in contact with pure copper. These ions play a role in biochemical processes that may affect blood flow, skin health & overall well-being.

**May help with pain relief:** Copper's anti-inflammatory properties may reduce inflammation by enhancing blood circulation, which may promote natural healing & pain reduction.

**Skin health:** Copper supports collagen & melanin production, nurturing healthy skin.

**Energy balance:** Copper is believed to stimulate certain meridians, promoting energy flow & balance within the body.

**What do the magnets do?** The neodymium magnets are used for magnetic therapy. They may help reduce inflammation & improve your body's energy flow.
