OUR PROCESS

Initial Meeting

Initial point of contact to establish a project brief and determine we're the right builders for your project.

Design Drawing

We will put you in contact with our preferred designer to draw up plans and help quote accurately for your build or renovation

Contract Documents

A contract is drawn up based on your custom design and specifications. Once signed, a deposit is required and building permits will be applied for.

Site Works

Work on site will begin with any site works required and then slab down. This is an exciting time as it officially marks the beginning of your new home.
