About the Astrologer

Varun Ji — Varun Mishra | Vedic Astrologer & Vastu Consultant | Sydney, Australia

38+ Years

Jyotisha research

65,000+

Families guided

6 Generations

of parampara

20 Years

of philanthropy

Six generations, one unbroken lineage. Varun Ji brings over 38 years of dedicated research into Parashari and Jaimini Jyotisha, classical Vastu Shastra, Palmistry and Gemmology — trusted by more than 65,000 families across India, the UK, USA, Canada and Australia.

A global journey, grounded in India. Having lived and worked in Mumbai, Bengaluru, the UK, the US and Canada before calling Sydney home, Varun Ji understands the diaspora experience and cross-cultural families from the inside.

Twenty years of seva before a single fee. From 1997 to 2017, Varun Ji offered 100% free consultations. That ethic continues today — a portion of every fee supports the sacred cows of Vrindavan and the elderly Bhajanandi Matajis, tracked transparently through the Seva Impact Dashboard.

Rigour from a parallel life in technology. Professionally, Varun Ji is a Microsoft-certified IT Solution Architect — 20 years advising APRA and Commonwealth clients on Digital, Data and AI Risk. The result: a practice that is rigorous, rational, fear-free — and deeply human.

“Planetary energies set the rhythm of your life. Your space is the constant that acts on you every hour of every day. A supportive Vastu in a positive Dasha is transformative — and in a difficult period, a well-balanced space quietly helps you hold steady.”
