QUALITY CRAFTSMANSHIP

Our company is made of true builders with experience in each stage of the construction process. As true builders, we immerse ourselves in every aspect your projects planning, design and construction.

At Black Group, we know building for success starts with a partnership founded on respect, trust and communication. We are committed to achieving your mission and project vision.

True craftsmanship is intensely hands on and we know what it takes to flawlessly execute complex projects. We have the right tools and the right people to deliver superior results. We take pride in our work and are driven to seek out ways to add value for our clients while in the field.

BLACK GROUP

LANDSCAPE & CONSTRUCTION

STUNNING LANDSCAPES FOR BEAUTIFUL HOMES

SHOW-STOPPING DESIGNS

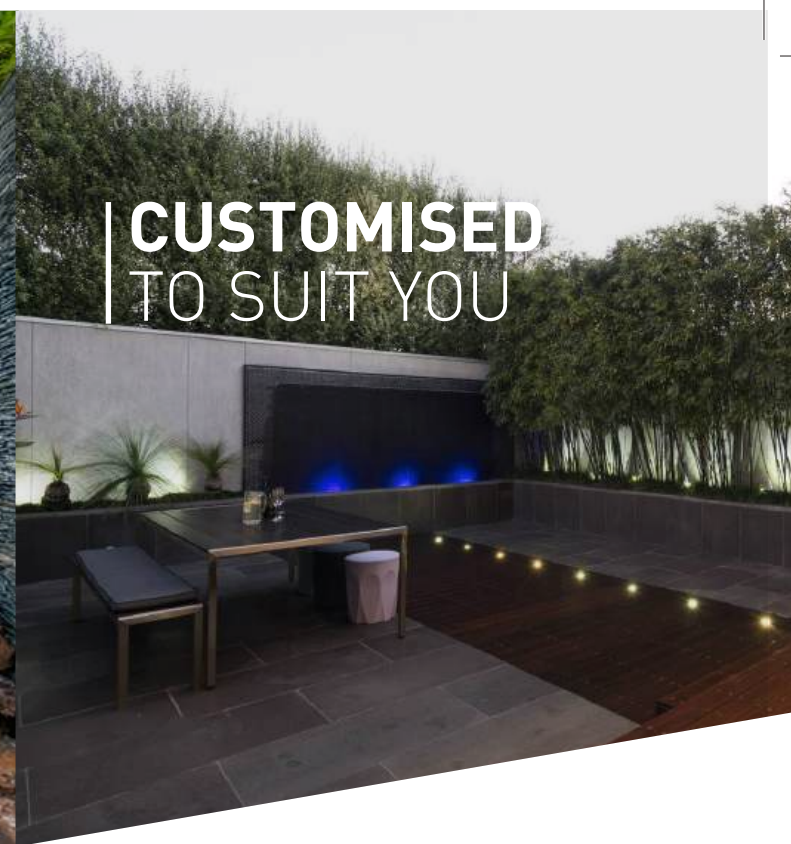

Black Group Landscape & Construction specialises in small and large high-end landscape designs and builds.

We complete around 6-10 projects each year to ensure sufficient time is dedicated to creating the perfect landscape. Our passion is always evident in the masterpieces we create.

Owners James Black and Sam Leech provide landscape design and construction services to both residential and commercial properties. With a wealth of experience and qualifications in landscape, horticulture and civil construction, you can't go wrong with the creative and hardworking team at Black Group Landscape & Construction.

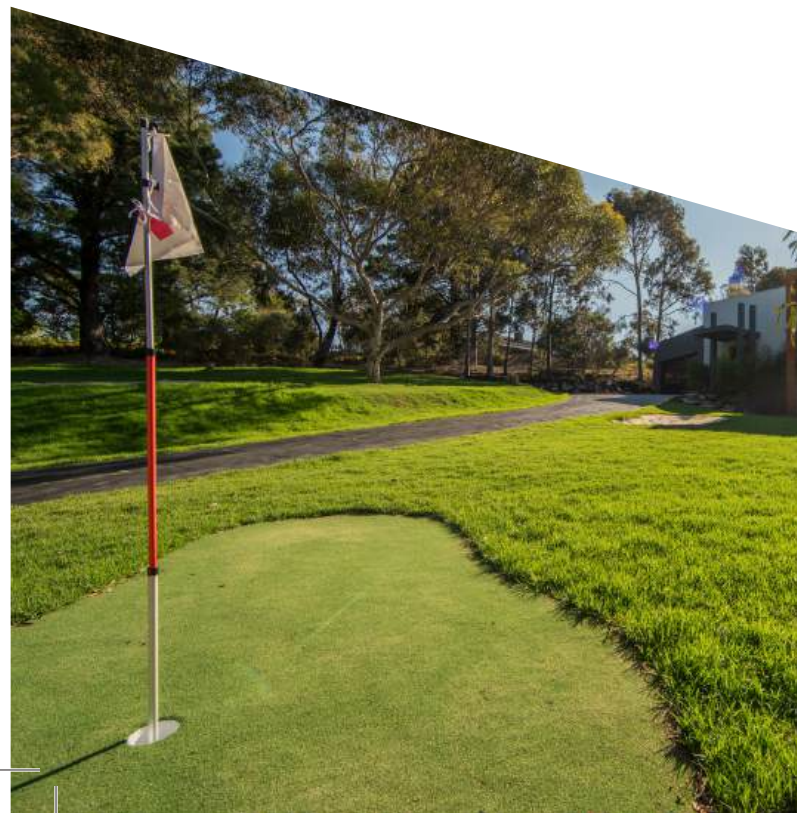

CUSTOMISED TO SUIT YOU

The owners of this beautiful family home needed an outdoor space that could be used not only to entertain everyone but provide a place for exercise and relaxation.

The family also wanted an area that incorporated a lot of natural light and was made to a very high standard, which required impeccable attention to detail and understanding of what the clients needed.

To achieve the homeowners requests the Black Group team included beautiful water features, which catch the eye of the visitors without being too ostentatious. Every element of this space from the pond to the BBQ area, has been meticulously planned out and perfectly executed to produce the perfect end result.
