BOTTEGA
COFFEE

Easy brew
Easy serve
Easy clean

The ESE pod system simplifies coffee preparation.

And unlike plastic or aluminium coffee capsules, Bottega's ESE paper pods are 100% compostable and made from food-grade filter paper, for a healthier brew that leaves no trace on the environment.

All taste, no effort,
no waste

Compostable paper pods

Sustainable, plant-based pods in convenient single serves. It's coffee your garden (or green bin) loves as much as you do.

Quality organic blends

A wide range of quality Italian coffee and tea pods in a precisely measured dose – for a consistently perfect brew every time.

Premium Italian machines

Top European brands, quality stainless steel construction and sleek designs to suit all spaces, styles and budgets.

Beautifully simple
coffee anywhere

At home

Bottega delivers delicious Italian espresso in every cup, without the mess or fuss.

In business

Save time, reduce waste and improve consistency in the office, hotel, restaurant and catering market.

On the go

Compact, lightweight models for perfect coffee in your caravan or boat. It's like taking your barista with you.
