

HEAL YOUR SOUL

and see your essence shine

CURRENT SITUATION

We grow up being shaped by external factors. Over time, we realise that we don't really know who we are, what our personal tastes are, or what our intentions for the future might be.

We find ourselves racing against the clock and chasing goals that don't align with our true essence.

HOW WE FEEL

We end up feeling purposeless, lost, whilst pushing ourselves for results.

THE BLOCKAGES

When the choices and results are out of sync with our essence, they create blockages in the flow of life.

THE CONSEQUENCE

We lose touch with our feelings and intuition, becoming either apathetic and numb or overly charged and reactive to what's happening around us.

HOW TO HEAL

Energy-spiritual therapy identifies and clears blockages in your energy field, offering clarity on the patterns of events and choices that are shaping your reality.

It restores the connection to your intuition, guiding you to manifest the life you want.

THE MODALITIES

SOUL REALIGNMENT®

Soul Realignment® is an intuitive healing method that uses the Akashic Records to unlock your potential at the soul level and clear negative karmic patterns.

It allows you to understand the "factory settings" of your soul when it was created, comprehend the negative choices that have led to the blockages and restrictions you're experiencing now, and carry out clearings to prevent these karmic patterns from repeating.

After the session, you will gain a deep understanding of your true self and guidance on how to create the life you desire.

HUMANOTERAPEUTA

The Humanoterapeuta therapy is an advanced energetic and spiritual treatment that investigates, identifies, and clears the blockages that led to the specific life situation that you want to address.

THE TECHNIQUES

The Humanoterapeuta method consists of 6 techniques. The number of sessions for each technique is decided during the Quantum Board session and varies for each individual.

1. QUANTUM BOARD

The Quantum Board points three key moments in your life that have contributed to the block you're currently experiencing, and uncovers the pattern behind it.

2. HUMANOMETRIA

During these sessions, your spiritual team will assist in clearing self-obsession and other underlying processes.

3. TACHYONIC THERAPY

Identifies and clears energy blocks in your emotional field using Tachyons, which restore balance to your energy system and reprogram your cells to their natural, healthy state.

4. TDR (EMOTIONAL RELEASE THERAPY AND ENERGETIC REPROGRAMMING)

It clears emotional memories that are hidden from your conscious mind but are causing energy blocks. These blocks are removed and replaced with positive records, improving your overall flow.

5. REGRESSION AND REPROGRAMMING

It identifies the moment when the block started, addresses it, and reprograms the energy by gently tapping on specific acupuncture points along your body's energy pathways.

6. THERAPEUTIC CARDS

This reading uses the archetypes from the gypsy deck to provide personalised insights and guidance for your journey.

DOWSING

Dowsing uses a pendulum and radiesthetic board to detect and measure the energies of people, places, and objects, helping to identify and treat energetic blockages. It reveals imbalances, encouraging reflection on life events, and, when combined with harmonisation, restores the energetic balance.
