Since I have started on Cejuvenate, my blood sugar levels have dropped from 18 down to 8. I have reduced my insulin levels on my doctors advise, Cejuvenate is a miracle supplement.

Cejuvenate has helped with the blood circulation to my feet and legs, I was about to have a foot amputated due to poor circulation from diabetes all my life. I heard about Cejuvenate and started taking it, within 2 weeks new skin was growing on my feet, which resulted in not have my foot amputated. Cejuvenate is gold.
Brian, Robinvale - Victoria

I purchased Cejuvenate at a market, due to stiffness in my fingers and was unable to move them, I had been on doctors medications with no results for months. Cejuvenate had my fingers moving freely within days, I was so excited that I returned to the market to show the person who I bought it from, he was so excited that he made a video of me moving my hands. The video can be seen on the Cejuvenate facebook page. Cejuvenate is the best.
