OUR CLEVER APPROACH

AFFORDABLE

Our hub with the latest wireless technology gives you unprecedented access to comprehensive functionality without the exorbitant price.

QUALITY

We have partnered with the world's leading brands for the highest quality and performance.

COMPATIBLE

Being stuck with a single ecosystem is in the past. We design with future compatibility at the core.

FLEXIBILITY

New build or retrofit, all at once or as you go, we can partner with your electrician or provide ours.

COMPLETELY CUSTOMISED

Custom designed smart home systems according to your family's needs and preferences, ensuring you get the most out of all your tech.

CLEVER CLIENTS

"Hats off to such innovative people doing it for their clients and to be the leaders in the space."

-Joe Crameri, Reborn Projects

"Luke is always able to find creative solutions to address any automation needs and has been a pleasure to work with!"

-David R

"They listened to our needs concerning our disability to customise our new home not just for the now but for the future."

-Rebecca Brewer

"The team did a great job making my new house smart where it matters! All working with my existing Apple Home set up, making sure it works easy for the family to use!"

-David Moore

"Incredible expertise and service...Thank you for your great work in automating and updating all the electricals throughout my apartment for a very reasonable price, and linking it all into Google Home!"

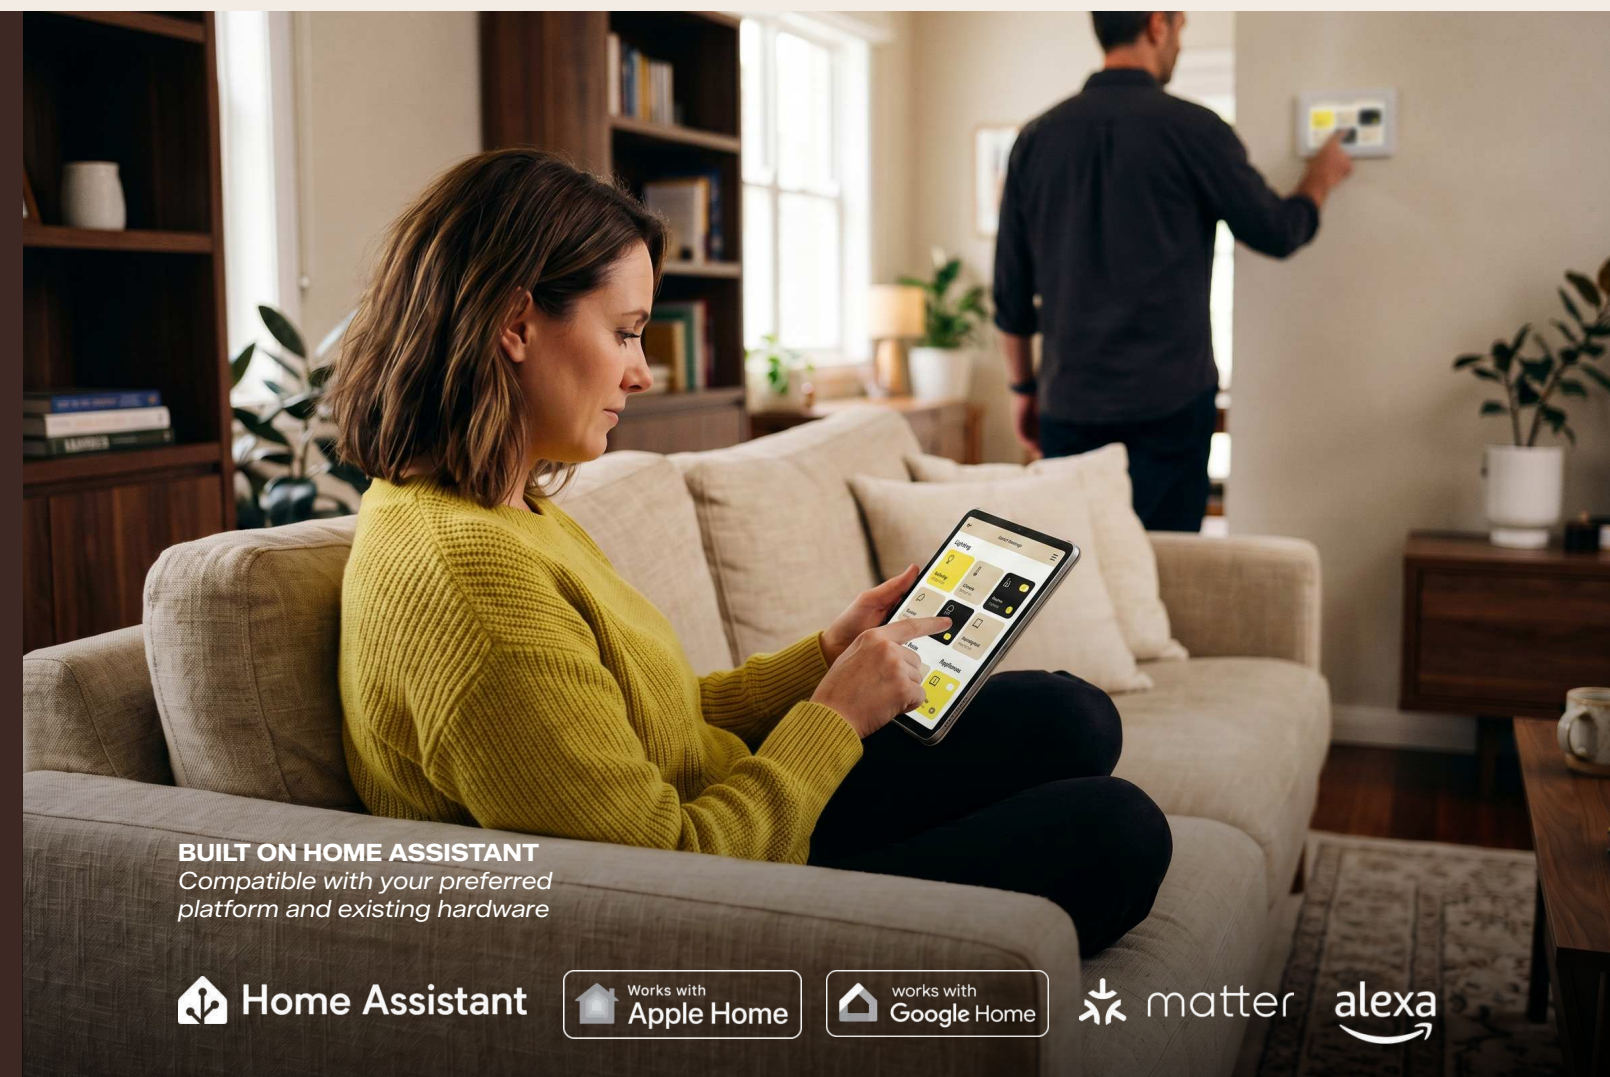

- David Coghill
