# About us

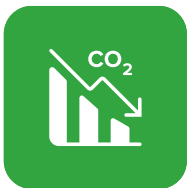

Ecorun is an Australian Owned company that helps its customers to save big on their utility bills. For the past decade, Ecorun has been promoting energy efficient products like Solar, Batteries, Heat Pumps, Aircon and others.

Ecorun, is a part of Leadpool. Ecorun is an approved solar retailer and authorised seller of heat pump and air-conditioners. Ecorun installs solar, batteries, heat pump and air-conditioners for homes and businesses.

Our goal is to reduce the consumption of electricity where-ever/when-ever possible. Its time to give back to the nature!

## Main Goals

Promote the use of solar energy to reduce carbon emissions

Enhance energy independence and sustainability

Using Victorian Energy Upgrades program rebate, we offer Heat Pump and Electric Aircon

Provide accessible and affordable clean energy solutions

### Heating and Cooling discounts

The cost of heating and cooling your home or business can be a significant part of your energy bills. On average, households can spend up to \$800 a year, or a third of their energy bill, on heating.

### Hot Water System Discounts

For households, hot water can make up as much as 18% of their energy bill.

The VEU Program (formerly VEET) provides an incentive for consumers to save energy and reduce greenhouse gas emissions. 1 Ton of CO<sub>2</sub>-e saved = 1 VEEC.

## Why Ecorun?

1. Customer satisfaction is our #1 priority.
2. We are 100% Australian Owned.
3. Lead Pool has been operating since 2020 with over a decade of experience in Solar system designing and installing on-roof and on-ground.
4. Complete the application for payment option, if required. Lead Pool is a Clean Energy Council member and approved retailer.
5. Lead Pool also works under the Victorian Energy Upgrades Program. We can ensure savings on your utility bills better than most of our competitors.
6. Our office/warehouse is at Pakenham VIC 3810. We are easily accessible.

It's time to give back to the nature!
