14-Day Mongolia Walking Adventure

Altai Mountains - Tavan Bogd National Park

Mongolia

2027 · 15 - 28 July SOLD OUT · 30 July - 12 August

AUD $7,880

8 people max

Wild and breathtaking landscapes, unspoilt wilderness, and the impressive Altai mountains make the Tavan Bogd National Park in Mongolia's northwest a pleasure for the senses and a remarkable backdrop to an exciting, multi-day walking adventure.
During our 14-day immersive walking experience you will reconnect with nature & be inspired by the rugged & natural beauty of this pristine & less travelled mountain environment.

"Walking in Mongolia with Edgewalkers was an amazing experience and one I'd thoroughly recommend. There were so many highlights: the alpine wildflowers of the Altai Mountains, the pristine grasslands up to the snow capped peaks, getting to know a group of like-minded travellers, and learning more about the nomadic Mongolian culture and people. Erika is an inspiring and extremely capable (and fun) guide who supported us throughout the challenges and the joys of this adventurous journey. I've been following this trip on social media for about six years now and only just found the time to do it. I wish I'd done it earlier."

13-Day Peaks of the Balkans Hiking Adventure

Peaks of the Balkans Hiking Adventure

Albania - Montenegro - Kosovo

2027 · 12 - 25 June

AUD $5,880 - $6,880

8 people max

Hiking experience through the dramatic mountainous landscape of the Peaks of the Balkans and experience one of the most diverse walking trails in the world and some of Europe's last remaining wilderness. Walk across Albania, Montenegro and Kosovo staying each night in the homes/farms and guest houses of local villages.
Experience the kind hospitality of the Western Balkan countries where guests are received with generosity and warmth.

"This Peaks of the Balkans hike was fabulous in every way. Erika's attention to detail whilst planning this trip has created an incredible experience which exceeded my hopes and expectations. The terrain you cover is varied and spectacular. The patience and care shown to all participants was greatly appreciated. The number of hikers is kept small intentionally, which enables a very personalised adventure. If you are contemplating this experience, I would definitely recommend you go ahead. You will be grateful you did; I know I am."

Walking with Wildflowers

Fitzgerald Biosphere, Western Australia
2027 · 6-10, 13-17 and 20-24 September

AUD $3,880
8 people max

Walking with Wildflowers is a 5-day immersive experience that walks you deep into the habitats of plant species that have evolved over millions of years, isolated in the remote wilderness of the UNESCO-listed Fitzgerald Biosphere in Australia's south west, one of the most florally biodiverse regions in the world.

One of the most memorable, inspiring, and unique wildflower tours you'll ever experience.

"Erika took me into the wonderland of the Fitzgerald Biosphere on a 5 day Walking with Wildflowers adventure and it was a carefully guided immersion into the natural world, of which she is so passionate and knowledgeable. The coastline there is incredible and just to top it off, we saw whales, close to shore! I absolutely adored the whole experience, the walking, the wildflowers, the country, the company and the yummy food. Erika's experience and dedication to detail made the trip seamless and she was great company."

Walking with Wildflowers

Fitzgerald Biosphere & Stirling Ranges, Western Australia

Your group, your dates · September - November

FROM AUD $6,880

6 people max

There is no more intimate way to experience the natural beauty of wildflowers than to walk right beside them, in their natural habitats.
The Stirling Range National Park and the Fitzgerald Biosphere are biodiversity strongholds with more than 3,500 floral species, dozens of which are rare, threatened, priority-listed, and endemic.
You'll be walking through one of the most florally biodiverse places on the planet to a backdrop of dramatic coastal landscapes, quartzite ranges, limestone cliffs, eucalypt woodlands and squeaky beaches.
Let yourself be captivated and awed by the abundance, richness and diversity of the thousands of wildflowers you'll encounter.

"Thanks to Erika I've been able to spot close to 50 different orchids and dozens of plants, bushes and trees endemic to WA! Absolutely awesome! … If you want to see wildflowers and have a fun walk with Erika, Edgewalkers is for me a First Choice!"

BESPOKE ADVENTURE

The Cape to Cape Track

Margaret River, Western Australia

Your group, your dates

FROM AUD $6,880

8 people max

When you walk this epic Western Australian coastal track, you'll be amazed by the vast views of the Indian Ocean from the weathered limestone of the Leeuwin-Naturaliste Ridge.
You'll love the diversity of the terrain and flora as you walk from shaded Banksia or Melaleuca woodlands to the coastal heaths scented by the winged boronia and native rosemary, to the sandy beaches and back onto the spectacle of ancient sandstone headlands and granite outcrops. Feel the power of the Indian Ocean crashing into the rocks. If you join us during wildflower season, you'll be blown away by the colours and the variety of the flora you'll see every day.

> *"Both guides from Edgewalkers were a delight, professional, fun, relaxed and knowledgeable.*
> *The walk was well planned, the info provided as we hiked excellent, the food, without exception, was to die for and plentiful (thanks to our guide-turned-chef each evening) and the atmosphere in the group friendly and relaxed.*
> *The hike itself was well coordinated, and the scenery amazing. I would suggest going in Spring as the wildflowers are delightful.*
> *The best group walk I have ever been on by a mile (or is that a kilometre?)"* Julienne S., 2022
