Eighty8 Interior Designs
About Us

Just like no two people are the same, our home is our unique identity. A place where we are free to express all that we love in life, with no boundaries or rules.

With over 16 years industry experience, Eighty8 Interiors was created to work within a range of budgets and designs to style homes for the unique individual.

We specialise in eclectic design, working the old with new, whilst also offering handmade, custom designed products that are made by local artists in Australia.

"We can't thank Candice enough for guiding us through the many choices to be made, for us to finally have our dream home. She had some wonderful ideas and suggestions that brought the final design alive and in line with our vision.
We would never have had the confidence to make some of the bolder choices that we made, but we trusted Candice and it most certainly paid off.
We would recommend Candice in a heartbeat, to anyone who wants to turn their vision into reality.
