OUR STORY

The Search for Simplicity

I spent thousands chasing products that promised the world but left me disappointed and irritated. My skin was reactive, dry, and always uncomfortable.

Like many of you here today, I was tired of being overwhelmed by cluttered routines and worried about hidden chemicals and hormone disruptors. What I really wanted was simplicity: pure, safe products gentle enough for my whole family and effective enough to actually work.

OUR PHILOSOPHY

The FYAKA Solution

I spent the last three years researching, refining, and formulating a line built entirely on whole, intentional ingredients.

Every ingredient has a purpose.

We believe that what you put on your body absorbs into your body. That is why FYAKA products contain:

ZERO Synthetics

ZERO Hormone Disruptors

ZERO Unnecessary Fillers

Now, these are the only products I reach for every single day. My skin has become softer, brighter, and naturally radiant. It feels completely transformed.

THREE PRODUCTS. ONE RITUAL.

Discover Your New Routine

01 Face Oil 50ml

A lightweight botanical blend that sinks in beautifully, leaving skin soft, supple and radiant without a greasy finish.

02 Tallow Balm 100g

Rich, biocompatible hydration. Crafted to soften, comfort and protect even the most sensitive skin. Perfect for the whole family.

03 Smooth Eye Balm 30ml

Targeted, gentle nourishment for the delicate skin around the eyes, reducing the appearance of fatigue and fine lines.
