

About Us

Matt Christie has been in the plumbing industry since 1994, with experience across residential, commercial & civil sectors, including major projects such as The Gabba, Suncorp Stadium, Q1 Tower and The Star Gold Coast. He now specialises in CCTV drain inspections, high-pressure jetting, sewer and stormwater repairs, pipe relining, and hot water and heat pump installations.

Leanne Christie is the friendly and organised point of contact at FastFix Drains. She ensures the office runs smoothly & that every customer receives prompt, clear, & professional support, delivering a seamless experience from first contact to completion.

Why Choose Us

FastFix Drains delivers fast, reliable, and professional blocked drain solutions at affordable rates. With quick response times and a highly experienced team, we diagnose and fix problems efficiently, providing long-lasting results you can trust.

EXPERT DRAIN CLEARING
& PLUMBING SERVICES

What We Do

At **FastFix Drains**, we take the hassle out of plumbing. Backed by decades of real-world experience, our expert team delivers fast, dependable plumbing and drainage solutions for residential and commercial properties. We're committed to quality workmanship, clear communication, reliable service, every job, every time.

PROFESSIONAL

**FAST AND RELIABLE
PLUMBING SERVICES**

Our Services

FastFix Drains delivers fast, reliable plumbing and drainage solutions for homes and businesses.

High-Pressure Water Jetting

FastFix clears blocked drains with high-pressure jetting, removing grease, roots, and debris safely.

CCTV Drain Inspections

FastFix uses CCTV cameras to inspect pipes, pinpointing blockages or damage for fast, mess-free repairs.

Plumbing Health Checks

FastFix performs plumbing health checks to detect leaks and issues early, preventing costly breakdowns.

Pipe Relining Services

FastFix repairs damaged pipes with no-dig relining, sealing cracks and extending pipe life without excavation.

Heat Pump Hot Water Systems

FastFix installs heat pump hot water systems, delivering energy-efficient, reliable, and cost-saving solutions.

Sewer & Stormwater Rebuilds

FastFix handles sewer and stormwater rebuilds, repairing or replacing systems to restore proper drainage.

Entire Home Filtration

FastFix Drains installs point-of-entry filtration systems for cleaner, filtered water throughout your home.

READY FOR A **HASSLE-FREE** SERVICE?

Let's Work Together

At **FastFix Drains**, we pride ourselves on clear communication and quality workmanship. From blocked drains and CCTV inspections to major plumbing projects, our licensed local team delivers reliable, tailored solutions with fast response times, honest advice, and professional service you can trust.
