0.0% ABV | Wine alternative | Designed to be shared

A sophisticated dining table setting. In the foreground, two glasses of sparkling beverage are filled with a clear liquid and topped with a thick layer of fine bubbles. The glass on the left is a flute glass, while the one on the right is a coupe glass. To the left, a white plate holds a piece of seared salmon, yellow corn, and green vegetables. In the background, several lit candles in glass holders provide a warm, ambient glow. The background is filled with out-of-focus bokeh lights in shades of orange, yellow, and blue, suggesting an indoor setting with festive or elegant lighting.

PRISTINE REGIONS, PURE FLAVOURS

Gently extracted, delicately balanced

Our drinks are all **made in Australia** - brewed and bottled in facilities in Victoria to our exact specifications, with tea leaves sourced directly from expert tea masters with long histories of growing and producing the finest teas around.

Each of our teas are **cold brewed for 24 hours**, gently extracting all of the aromatic, volatile compounds with just the right amount of tannin to create interest and depth. The teas are then balanced with a hint of sweetness, dash of acidity and, as a finishing touch, lightly sparkled to enhance and bring out all of the aromatic qualities of the tea.

Perfect to serve on its own or used as a mixer for a cocktail or mocktail.
