

KONE MonoSpace® Home

Elevate everyday living

The machine-room-less
elevator for home

Seven reasons to choose KONE MonoSpace Home

1

Greater safety & reliability

- KONE EcoDisc® Motor: Built for safety, the fourth-generation motor is more reliable and durable, with a compact design that saves space. Its innovative placement also makes maintenance and repair easier, enhancing long-term dependability.
- Emergency Power Backup: Keeps the lift operational during outages, ensuring peace of mind.
- KONE Remote Monitoring: Offers 24/7 monitoring to enhance safety and security in your home.
- Curtain of Light: A safety feature that senses if someone or something is in the way of the doors, preventing accidental injury.

2

Excellent eco-efficiency

- Energy-Efficient Drive System: The KONE MonoSpace Home lift delivers impressive energy savings, with a motor twice as efficient as traditional motors and a 10% reduction in energy loss, contributing to lower energy bills and a smaller carbon footprint.

3

Superb ride comfort

- Smooth Ride Experience: The advanced control system provides a quiet, smooth ride, offering a premium feel that integrates seamlessly with the comfort of your home.

4

Optimised for home installation

- Custom Fit for Homes: Designed with dimensions optimised for different home heights, ensuring a perfect fit and aesthetic alignment with your space.
- Accessibility Features
- Delayed Door Opening: Gives extra time for entry and exit, assisting those with limited mobility.
- Double-Tap Cancellation: Allows you to cancel incorrect floor selections with a simple double tap.
- Accurate Levelling: Ensures precise levelling, reducing the risk of trips and falls.

5

Standards compliant

- Meeting Key Standards: The KONE MonoSpace Home elevator meets AS 1735.18-2002 standards.

6

Design options

- Car Design Themes: Choose from six functional and stylish designs to suit your home's aesthetic.
- Customisable Interior: Mix and match materials and finishes to create a look that complements your interior design.

7

Reliable care for years to come

- Preventive maintenance: With KONE 24/7 Connected Services, you'll be notified when your elevator equipment needs examining - providing you full transparency and improved safety.

Ceilings

CL72
Lighting:
 LED tubes
Finishing:
 PP10FT White powder coated steel, fine textured finishing (RAL9010)
 ST4 Silver brushed stainless steel

CL82
Lighting:
 Direct light, LED, colour
Finishing:
 ST43 Silver brushed stainless steel
 PP10FT Paint fine textured
 ST4 Brushed stainless steel SUS304
 ST43 Silver brushed stainless steel
 MP1 Silver mirror polished stainless steel

CL198
Lighting:
 LED tubes, LED spot
Finishing:
 Middle part:
 PP10FT White powder coated steel, fine textured finishing (RAL9010)
Frame:
 ST4 Silver brushed stainless steel
 MP1 Silver mirror polished stainless steel

Handrails

HR61/ST4
 Round silver brushed stainless steel

HR61/ST2
 Round gold brushed

HR61/ST5
 Round copper brushed stainless steel

HR61/ST6
 Round bronze brushed stainless steel

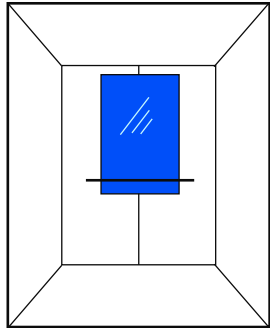

HR61/ST7
 Round carbon black brushed stainless steel

HR61/P70
 Round carbon black brushed painted steel

Mirrors

MR1
 Partial width, partial height

Walls

CB
 Carbon black satin stainless steel with anti-fingerprint coating

METP1FT
 Champagne, fine textured metallic painted steel

MP1
 Silver mirror polished stainless steel

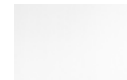

MS1
 Metallic Champagne printed steel

MS2
 Metallic Coffee printed steel

MS3
 Metallic Grey printed steel

PP10FT
 Pure White, fine textured painted steel

ST4
 Silver brushed stainless steel

ST41S
 Silver etched hexagon

ST43
 Silver brushed stainless steel

ST43LH
 Silver long hairline brushed stainless steel

MP6AFP
 Silver satin stainless steel with anti-fingerprint coating

ST8
 Champagne Gold brushed stainless steel

WS1
 Light wooden printed steel

WS2
 Warm wooden printed steel

WS3
 Dark wooden printed steel

Floors

M3H*
 Black Golden granite

D25
 Rocky Grey PVC

D32
 Nordic White PVC

D33
 Sandstone Brown PVC

D34
 Laurent Black PVC

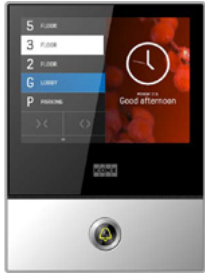

D6
 Light Brown PVC

*Includes anti-slip coating to provide slip resistance classification in compliance with AS1735.12:2020
