Jet Pack Models

The Jet Pack units are placed in your laundry room to catch the transported dirty laundry

Express Model

- Most economical model
- Up to 2 locations
- Mounts to the wall in the laundry room
- Use with Lift or Slide manual Ports

Plus Model

- Highest capacity
- Up to 8 locations
- Installs inside custom cabinetry
- Use with Lift, Slide or iSense Ports

Swift Model

- Larger capacity
- Up to 4 locations
- Front Window design
- Use with Lift, Slide or iSense Ports

Return Unit

- All systems are compatible with the Return Unit.
- The Return Unit can be installed in a bed room, closet, or other room where the user desires clean laundry to be returned to.
- After the laundry is cleaned and dried, open the port in the laundry room, feed clean laundry into the open port, and it will be transported to the Return Unit.

Stylish Wall Port Options

The Port can be placed in any bedroom, closet or bathroom to transport your dirty laundry directly to the laundry room.

The Lift Port

Most economical port

The Laundry Jet Lift Port is our lowest cost manual design. It provides the lowest cost manual lift open, wait and close functionality. Made from High gloss plastic it retains the Laundry Jet aesthetic for lower budget installs.

The Slide Port

High-end port

The Laundry Jet Slide Port is our manual port design. It is aimed as an economic entry level port while still retaining the style of the Laundry Jet brand and matches perfectly with modern aesthetic design. It provides the simplest, easy to use, manual open, wait and close functionality

The iSense Port

Top of the line port

The Laundry Jet iSense Port is our top of the range fully automatic port design. It is a fully automatic port using sensing technology for easy hands free use. It provides the simplest, easy to use, auto open, auto close functionality. Just wave your hand twice, load and walk away and iSense will do the rest.

- Ideal for both existing and new construction homes.
- Can be installed in both single and multilevel homes.
- Laundry Jet ports are placed in areas that are convenient like bedrooms and bathrooms.

Add the Return Unit option and send clean and dry clothes back from the laundry Room to a chosen bedroom or closet on any floor

More TIME for you!

NO MORE smelly laundry baskets in your bedrooms, closets or bathrooms.

Send dirty laundry to the laundry room IN SECONDS.

Send Clean and Dry Laundry back to a chosen bedroom through a dedicated "clean" return line.

Kids Love it!
