Linda
THE CURTAIN LADY

LOOKING FOR STUNNING HIGH QUALITY AFFORDABLE WINDOW TREATMENTS?

Linda the Curtain Lady is a custom-made window treatment supplier, run by a true Boss Lady. Linda started working in her mothers' curtain shop in Central Queensland when she was just 12 years old. Many different trends and styles have come and gone since then, and Linda still loves all things curtain and blinds. With almost 40 years of experience, you will be in good hands.

Our mission

Here at LTCL our mission is to supply bespoke window treatments that suit your budget whilst maintaining our high standard of products, manufacturing and service.

The whole LTCL team pride ourselves on being different. We like that we are not the same as everyone else. Our margins are kept low so your value for money is high. You are guaranteed a personalised experience with premium yet affordable, long-lasting curtains, blinds and shutters.

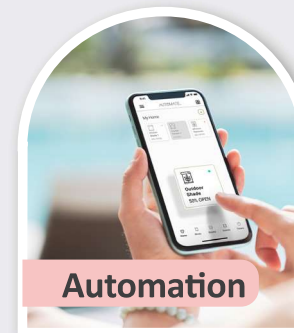

The LTCL difference...

Linda the Curtain lady isn't one of the average big box stores. In fact, average is not in our vocabulary. We want nothing less than perfection! To achieve this, the LTCL workroom ladies make our "Boss" wave a little different than everyone else. Wider tape, fancy sewing, and extra fullness makes a huge difference. We also fan fold our curtains, so they hang beautifully. We don't skimp on fabric, we insist on using 110% gathering for our Boss Wave. This is the LTCL difference.

Our installers also play an important part in the process. From exceptional attention to detail and immense pride in their work, they uphold our very high standards.

Our ongoing quest to have the best products available for our clients, have resulted in us building our own custom curtain track manufacturing business. Naturally, the actual Boss Lady was in charge of naming it, so Boss Tracks was born!

European Aluminium, hand or cord operated tracks, as well as a very cool affordable range of motorised options. Our Boss Tracks come in a variety of matt finishes, or we can fully customise in any colour for that special project.

Automation

Automation is now more affordable for everyone. Motorised blinds, curtains and shutters, integrated with Google and Alexa.

Blinds

Rollers, Romans, Venetians. All types of indoor and outdoor blinds are custom made here in Perth by family-owned small factories.

Shutters

High quality shutters with 10-25 year Warranty. PVC, Timber and Outdoor aluminium in all shapes and sizes.
