'We are thrilled to bring these unique "Marvle creations" to the Western Australian market, setting a new standard in artistic excellence.'

Microcement

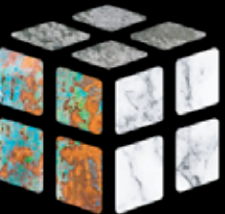

A Seamless, Stress-Free Surface Solution

Microcement offers a sleek, practical alternative to traditional renovation methods, saving you time, money, and hassle. With no need for messy rip-outs or costly multi-trade hires, this innovative material can be applied directly over existing surfaces and walls, including tiles, timber, laminate, benchtops, and splashbacks - eliminating the need for waste removal and minimising disruption.

Waterproof, heat-resistant, and available in a wide range of contemporary colours, Microcement delivers a smooth, grout-free finish that's both modern and easy to maintain - imagine having no more dirty grout lines to clean!

Advantages of Microcement

- ▶ Seamless finish
- ▶ Highly Durable
- ▶ Waterproof and heat resistant
- ▶ Thin and lightweight 2-3mm
- ▶ No need for demolition
- ▶ Customisable finishes and colours
- ▶ Low maintenance
- ▶ Suitable for indoor and outdoor use

Marbling Effects & Faux Finishes

Captivating Trompe L'oeil Illusion

We specialise in creating traditional marble effects using microcement, polished plaster, broken colours and high-quality sealers. With over 20 year's experience, our craftsmanship will having you believing it is real marble. Marbling and faux finishes are a true art form! When done correctly, it produces a captivating trompe l'oeil illusion that will transform your space into something extraordinary.

Feature Fireplace Designs

Elevate your Space

At the heart of passion lies the art of feature fireplace designs! We pride ourselves on utilising a wide range of techniques that distinguish us in the WA Market. From stunning rock and split stone effects to bespoke designs tailored just for you, we thrive on the opportunity to elevate your space with a truly unique touch. Let's transform your fireplace into a captivating focal point!

Liquid Metals & Furniture Restoration

Liquid Metals are an emerging trend across the world.

At Marvle Creations, we specialise in transforming your walls and furniture with these striking real metals material. Whether it is revitalising your existing furniture or giving your walls a bold new look, we create something truly unique just for you. Embrace the unconventional, dare to be different and explore our stunning metal finishes to make a statement in your space.

Advantages of using Liquid Metals

- ▶ Luxurious metallic finish
- ▶ Lightweight alternative solid metal
- ▶ Highly customisable
- ▶ Durable and hard wearing
- ▶ Seamless application to any surface
- ▶ Low maintenance
- ▶ Enhances interior design with unique effects
