## The Master Hire Story

When you need the right equipment to get the job done safely, on time, and on budget - Master Hire has you covered. Since 1990, we've supplied quality hire equipment paired with our renowned, exceptional service throughout Southern Queensland and the Mid North Coast of New South Wales. As an Australian owned and operated company, we have built our 5-star reputation by providing equipment hire solutions for the civil construction, mining, building trades, professional services and do it yourself residential markets.

Whether you're tackling a major road project, a tight turnaround trade job, or a weekend DIY task, hiring quality equipment is one of the smartest ways to reduce risk, control costs, and keep your project moving. With Master Hire you get more than just equipment - you gain a trusted partner focused on safety, reliability, support and your success - every step of the way.

Master Hire has been awarded Australian Rental Company of the Year and is proud to be certified to ISO9001 for Quality Management, ISO45001 for Occupational Health and Safety and ISO14001 for Environmental Management.

Haven't hired from Master Hire yet? Discover why so many customers trust us to power their projects. Let our expert team help you find the right equipment to get your project done faster, safer, and more efficiently - no matter the size. Master Hire - Built on Service.
