

VEGAN & CLEAN

As a leaping bunny certified brand, we don't use any animal-derived ingredients.

MONAT is free of animal derived ingredients, parabens, mineral

SUSTAINABILITY

MONAT is committed to sustainability through responsible sourcing, recyclable packaging, and water conservation initiatives.

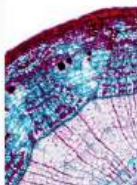

MONAT®

THE PIONEERS OF BIOTECH BEAUTY

Biotech Beauty (*noun*) – A category of skincare and cosmetic products that utilise biotechnology to develop lab-grown or bioengineered ingredients, enhancing efficacy, sustainability, and ethical sourcing while reducing reliance on natural or synthetic resources.

The biotech naturals in our proprietary formulations include peptides, bio-based raw materials, hyaluronic acid, naturally derived polymers, fermentation derived ingredients, ceramides and plant stem cells.

The MONAT movement encompasses not only innovative **Haircare**, **Skincare**, and **Wellness** products, but a genuine dedication to helping others build beautiful lives.
