Building Something *Different.*

Oak was born from a passion for functional, innovative designs, and the creation of well-built family homes. We provide an intimate design and build service to new home clients, at all levels, who expect leading edge design and quality that stands out among the rest. When building with Oak – You're Building Something Different.

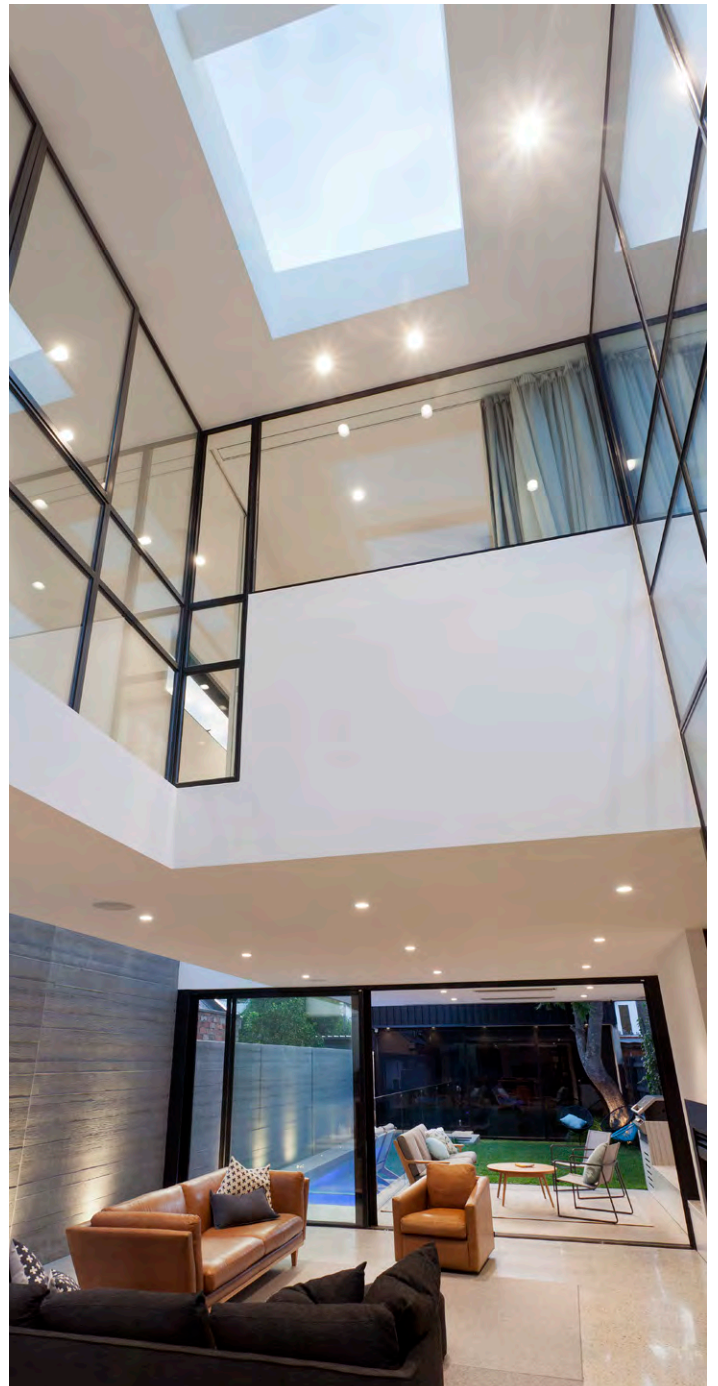

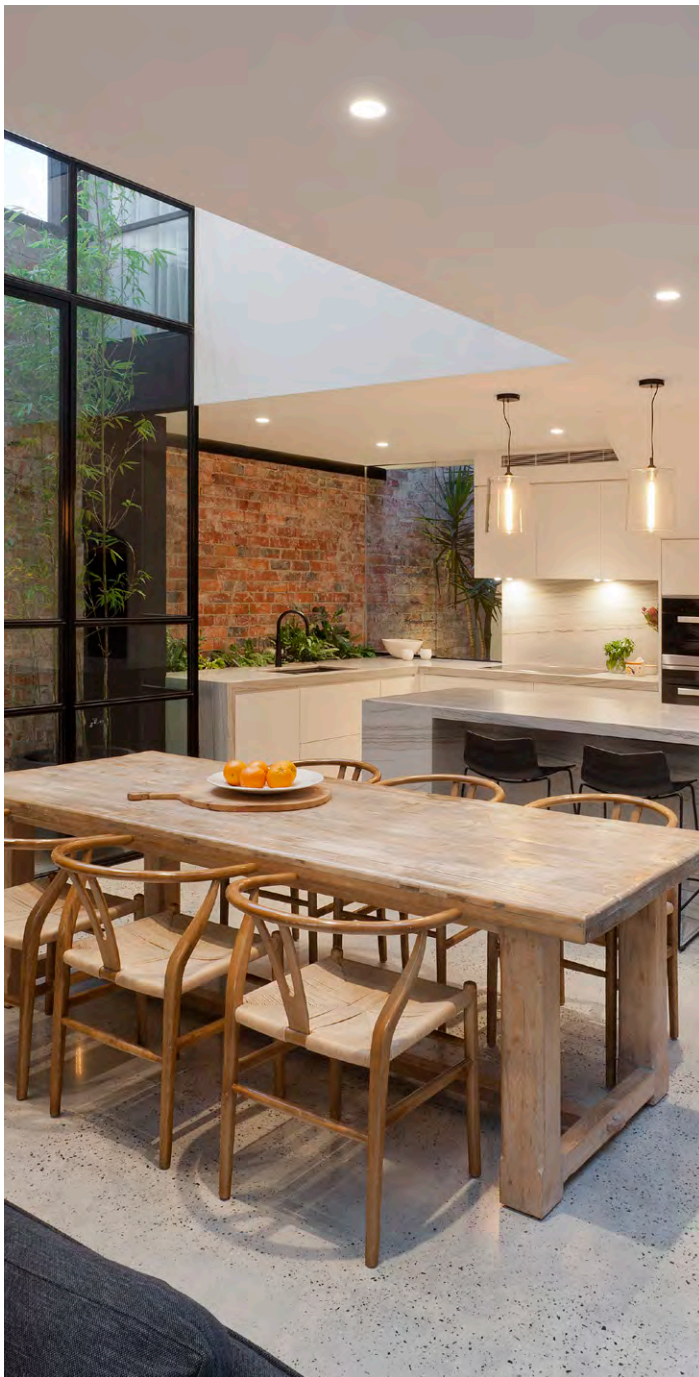

CUSTOM HOMES

A well thought out and designed custom home provides a stylish and comfortable space to live within.

The Oak difference is about free flowing form, with comfortable functional spaces.

Oak will provide you and your family with a design which perfectly fits your everyday lifestyle. Back this up with exceptional construction quality will ensure brilliant ideas become a long-lasting reality.

KNOCKDOWN & REBUILD

Have you found the perfect block, but the home does not suit your family's needs? Or perhaps you love your neighbourhood, but your home design is old and dated.

A knockdown and rebuild in your familiar surroundings is an excellent solution. Oak will partner with you to ensure the entire experience is as smooth as possible. No change of address, no need to move your children from their local friends and a different school – just a new house custom-designed to your precise requirements in an area that you already call home.

MULTI RESIDENTIAL

If you are preparing to embark on a multi-residential development we have the experience to ensure a result that secures your financial future.

Expert partners make Oak the complete design and build company. Knockdown Rebuild Melbourne have access to specialist designers, town planning consultants, technical drafting services, landscape architects, arborists, and structural, civil, and hydraulic engineers. When it comes time to build our construction quality and efficiency ensures the project is completed to schedule and on budget.
