## Renovate For You: Our Process and Approach

We offer a comprehensive range of home renovation services, including bathroom, kitchen, and laundry renovations, as well as complete home makeovers—each executed with precision and care by our expert team.

As a small business, we take pride in delivering personalised, tailored services. Mandy and Martin are with you every step of the way, from conception to completion, ensuring your vision becomes a reality.

---

## Free Consultation and Quotation

We begin with an in-home consultation where we listen to your ideas, needs, and aspirations. Together, we'll create a custom solution that fits your unique vision, space, and budget. This initial meeting lasts about one hour, during which we'll measure your space and ask important questions to understand your design goals.

At our second meeting, we'll present the design and allow you to explore it through our 3D program. Leaving you with a comprehensive quotation, outlining all inclusions and a clear lump sum price.

Once you approve the design and sign the Contract to Proceed, we'll schedule your project into our work program. Throughout the renovation process, we'll keep you informed with regular updates, ensuring you're always in the loop.

---

## Why Choose Renovate For You?

With over 20 years of industry experience, we offer peace of mind at every stage of your renovation. From site measurement and planning to construction and installation, we manage all the details. We also assist in selecting premium fittings, accessories, storage solutions, lighting, and finishes, ensuring your renovation is both functional and beautiful for years to come. Whether it's demolition, installations, tiling, plumbing, or electrical work, we execute every aspect to the highest standard.

## Renovation Budget

At Renovate For You, we ask for your budget up front – or at least a general idea – to ensure we can deliver your vision within your financial parameters. Our comprehensive quotes cover all foreseeable costs, helping to avoid unexpected expenses.

Establishing a budget is crucial for a successful renovation. It ensures financial feasibility, prevents overspending, and helps manage resources effectively. A common guideline is to allocate 6-8% of your home's value to the kitchen and 3-5% to the bathroom. These figures are simply benchmarks; your personal goals and circumstances will ultimately guide your budget.

## Creating Homes that Reflect You

Today's homes are an expression of our personal tastes, preferred styles, and the lifestyle we want to live. Your home should not only meet your needs but also be a space where family and friends can relax, connect, work, and enjoy life. Renovate For You is here to help you design the perfect layout and bring your vision to life.

We look forward to talking to you.
