Refined Elegance

The **VisionLINE Taurus** fireplace is a blend of style, efficiency, and functionality. This slow combustion wood heater is designed to provide not just warmth, but also a touch of elegance to any space.

The large glass door allows full uninterrupted view of the flickering flames, while optional fans for the freestanding model help distribute heat more evenly throughout the room.

Known for its large heating capacity and long burn times, makes it an excellent choice for those cold winter nights. The heavy-duty steel construction and self-closing door enhance its efficiency and safety

Whether you prefer a freestanding unit, inbuilt model, or See-Through, the VisionLINE Taurus offers flexible installation options to suit your needs.

Heritage, Crafted with Tradition...

Jøtul, a Norwegian company with a rich history dating back to 1853, is renowned for its high-quality cast iron stoves and fireplaces. This year marks a significant expansion and realignment for the Jøtul range in Australia, with a renewed focus on sustainability and energy efficiency.

01.

Characterised by its large side glasses and three sturdy legs that give the wood stove an easy and modern look. There are also different finish options and you can choose either black paint or maintenance free white enamel.

Model: F163 (Classic Black also available)
Heat Output: Up to 9kW **Efficiency:** 70% (65% avg)
Dimensions: 450W x 903H x 446D **Weight:** 115kg
Clearance Req.: 650mm Sides, 200mm Rear, 500mm Corner
Minimum Floor Protection: 300mm Front

02.

With its beautiful smooth contours and revolutionary combustion technology, this wood fire delivers both excellent performance and aesthetic. Automatic air control from Zensoric provides superior efficiency, making this a clean-burning stove with a low impact on the environment.

This wood burner features a self-closing door with magnetic locking system and an **indicator that flashes to signal when to add more logs**, making it safe and easy to use. Sit back and enjoy gazing at the dancing flames through the large glass door.

The Zensoric by Jøtul. **Wood fire with Cruise Control.**

Model: F171 Zensoric
Heat Output: Up to 5kW **Efficiency:** 76% (70% avg)
Dimensions: 492W x 1100H x 415D **Weight:** 148kg
Clearance Req.: 550mm Sides, 50mm Rear, 100mm Corner
Minimum Floor Protection: 1100mm Front

Visionline Cove

Introducing the **Visionline Cove**, Australia's first suspended electric fireplace. Crafted with high-quality materials, the Cove is built to last, rivaling its bioethanol counterparts in durability and style.

Suspended fireplaces have been a favorite in the market, traditionally offered in wood and bioethanol. Now, Visionline, renowned for their innovation in flue systems and

slow combustion wood heaters, proudly presents the Cove. This cutting-edge fireplace features an LCD display, glowing emberbed & top-down lighting, providing the ambiance of a real fire without the need for fuel.

A sleek & modern design language offering a stunning focal point for any room. Add a touch of elegance to your home.

Experience the beauty of a fireplace with the convenience and efficiency of electric heating. The Cove is more than just a fireplace; it's a statement piece that brings comfort and style to your living space.

Heat Output: Up to 1.6kW
Install Type: Suspended 340° Rotation
Dimensions: 900Ø x 537H (approx.)
Weight: 103kg

The Grange

The Grange Black Oak brings a bold, contemporary look to any space. The deep black finish highlights the clean lines and square silhouette, while the marble top adds texture and refinement. Perfect for modern interiors, this piece becomes an instant focal point, combining the flames of Rinnai ES Series fireplaces with sleek, minimalist design.

The Ashton

The Ashton Oak combines natural textures with a modern aesthetic. Its curved edges and warm woodgrain finish bring subtle character to your living space, offering the perfect mix of style and practicality. The oak finish works well across a range of interiors, from minimalist to earthy and layered.

Modern, functional and unapologetic furniture. Great for homeowners who are looking for a statement piece, while the perfect piece for apartments and renters where wall construction is not an option.

Available soon and compatible with Rinnai ES1000 & ES1500

Explore Outdoor

Cook, Gather and Unwind...

Elevate your outdoor cooking experience to new heights with the premium wood-fired BBQ range from Kimba. Designed for those who appreciate the art of grilling, these barbecues combine traditional wood-fired flavor with modern convenience.

“Your outdoor cooking setup is more than just a barbecue”

Whether you're hosting a backyard gathering or enjoying a quiet evening under the stars, Kimba's BBQ range ensures every meal is a culinary delight. Transform your outdoor space into a gourmet haven and savor the rich, smoky flavors that only a wood-fired BBQ can deliver.

The Kimba Outdoor range is the perfect companion for these moments, offering a grilling experience that turns every meal into a masterpiece. With a blend

of luxury and functionality, they make every gathering unforgettable, bringing professional-level cooking right to your backyard.

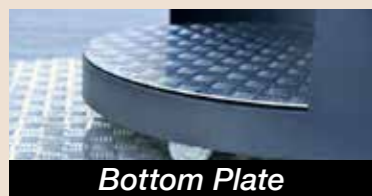

As the sun sets and the last of the grilling is done, remove the pivoting cooking plates and settle in for a cozy evening. Gather around the large, crackling fire, it's warmth and glow creating the perfect backdrop for stories, stubbies and s'mores well into the night.

Elegant, compact, and hassle-free, it's the heart of your culinary adventures. From Europe, fast-tracked to your home.
