

WHAT IT DOES

Where the codes go.

Your DNA holds more than your eye colour. It holds memory — your power, your purpose, and every trauma stored there, including what came down a line you never chose.

That stored energy is what keeps repeating in your life. The fire codes go there, release it, and reactivate the power that was sitting inside it all along.

THE BLOCKAGES IT WORKS ON

- Money that never stays
- The same relationship, new face
- Shrinking to keep the peace
- Purpose you cannot begin
- Grief that was never yours
- Never feeling quite enough

Founder of Sati Studio, and creator of the Shakti-encoded talisman.

WHAT OPENS AS IT CLEARS

ANCESTRAL RELEASE

Inherited patterns loosen and leave. Unhealed wounds in your line are freed, and their blessing returns to you.

PROTECTION

A protective aura — a living shield around your field. You stop carrying other people's weight.

CLEARER CONNECTION

Guides closer, intuition clearer. Connection to your higher self and spirit guides grows stronger.

MANIFESTATION THAT MOVES

Intention set into a clear channel finally lands.

HOW IT FEELS AND WHAT TO DO

Your soul knows first. People describe being drawn toward one particular talisman, unable to put it down. That pull is your soul recognising its own frequency.

Then the Kundalini Shakti begins to stir. Goosebumps moving in waves, warmth rising from the base of the spine, subtle vibrations through the body, or tears flowing without explanation. In spiritual tradition, these sensations are associated with the awakening of Kundalini energy the sacred Shakti resting within you.

Every soul experiences this awakening in its own divine timing.

HOW TO WORK WITH IT

01 ACTIVATE IT FIRST

Two prayer cards arrive with it. Read them aloud, with presence, and name what you are calling in.

02 KEEP IT WITH YOU

On the skin, in a pocket, beside your bed — wherever it stays connected either way.

03 BRING IT INTO YOUR PRACTICE

Healers and readers work with their sessions — it deepens the channel.

04 NEVER RECHARGE IT

Raw brass and sacred crystal, never gold-plated — plating seals a metal's vibration shut. Worked by hand in Rajasthan by artisans Aamiasha calls her soul family.
