- Etc

'Ship Your Reno and it's contacts have been instrumental in helping us complete high quality renovations for a fraction of the price I would pay in Perth.

Bec is so easy to talk to and very helpful, as are all the businesses I dealt with in China. They bend over backwards to help you create the look and style you're trying to achieve. If you're willing to put in your time, I can't recommend Ship Your Reno enough.'

Amanda - Perth

A Word From Our Clients....

ROSE & JASON

I don't think we can ever thank Rebecca and all the people involved with Ship Your Reno enough. Without their help and support we would never have been able to make our dreams come true, just point blank would not have been able to afford it. The Compromises that would have been made on the finishing touches would have left us with an end result that we would not have been happy with. The ease at which the whole process went, from making initial contact with all the suppliers, helping and guiding us through all the choices, ordering, payments and then delivery. It took so much stress away from the process.

JOSH & KAT

We have used Ship Your Reno for four projects and it has been an excellent way to get building products in a high end finish, for around half the price. We have ordered custom made joinery, tiles, windows, flooring and bathroom products and been consistently impressed with the quality and the price. With the rising cost of building, we have found that using the suppliers from Ship Your Reno has made a significant difference to our building costs, while retaining the high end finish that we require."

TILLY & SHAWN

Our build journey has been a hilly one but the absolute best and easiest part has been dealing with Bec and her suppliers through Ship my Reno. Bec has made the process easy to navigate and I cannot speak more highly of the suppliers. Ideas and furnishings that would have been out of our reach in Australia were met with beyond reasonable pricing and amazing communication. Nothing was too hard!

From the cabinetry of your dreams, limitless stone benchtop options, window/door options that would be too much trouble in Australia, cobblestones for the driveway, tiles in any shape, pattern and colour or that beautiful furniture that will fit just perfectly to your space, Ship Your Reno has a supplier that will go above and beyond to make it happen and at a fraction of the cost with much more communication and understanding than we have come to accept when 'buying local'.

Ship-Your-Reno has
supplied over 520 dwellings
all over the country...
Also supplied to NZ and
Japan
