**Sweat happens.
Breakouts don't have to.**

*Skincare for sweat,
training & real life.*

**Exercise is great for the body,
tough on the skin.**

Sweaty workouts, busy schedules.

- Sweat, bacteria, friction & shared equipment
- Limited time to properly cleanse or reset skin immediately after training
- Can contribute to:
 - Breakouts
 - Congestion
 - Acne-prone or sensitive skin flaring.

About Skin Happy

Skin Happy is an Australian skincare brand designed for active, on-the-go routines.

Skin Happy was created to solve a simple gap - supporting skin between workouts, when showering or a full skincare routine isn't always possible.

The brand focuses on gentle, barrier-friendly products that fit naturally into real gym life, without adding extra steps or complexity.
