

## ATMOS HEAT PUMP

Use the surrounding air to heat your water.

Great for homes not suitable for solar

Reliable and efficient way to reduce hot water energy usage

Sleek and modern low-mount design

## HOME ENERGY MANAGEMENT

Get more out of your solar system with Home Energy Management.

Monitor your solar power and home energy usage via the atHome web App

Take advantage of upcoming technologies via cloud-based updates

Reduce energy costs by maximising your solar energy and shifting loads away from expensive peak times

## WHY SOLAHART IS THE SMART CHOICE

EXPERT ADVICE

1 MILLION + SYSTEMS

SOLAHART QUALITY

TRUSTED WARRANTIES

## GET SMART WITH INTEREST-FREE

Going solar is easy with Solahart interest-free finance.\*

Pay no interest with flexible interest-free solutions

Apply online and get a response in minutes

Visit our website to see our latest finance offers

\*Available to approved applicants only and subject to completion of satisfactory credit check. Minimum monthly repayments are required. Paying only the minimum monthly repayment amount will generally not repay a purchase within the interest free period. A monthly account fee of \$9.95 will also apply and a one-off establishment fee may apply for new customers. Any balance outstanding at the expiry of the interest free period will be charged at the standard variable interest rate, 25.9% per annum as at 1 June 2023. Other charges may be payable; see T&Cs. Interest, fees and charges subject to change. Terms & Conditions apply and are available on application. See your contract for further details. Credit provided by ZipMoney Payments Pty Ltd (ABN 58 164 440 993), Australian Credit Licence Number 441878. \*Government Incentives apply in the form of Small-Scale Technology Certificates (STCs) and are subject to change.

GET SOLAHART**

## SOLAR HOT WATER

Significantly reduce your hot water energy use.

Designed and built for the harshest Australian conditions

Roof-mounted and split-system available

Over 1 million systems installed worldwide

## BATTERY STORAGE

Store excess electricity produced during the day for use later on.

Reduce the amount of solar power sent to the grid

Lower your energy bills even more

Choose from Tesla Powerwall, SolarEdge, or GoodWe batteries

## SOLAR POWER

The smart way to power your home and reduce your energy bills.

World-class inverters and panels including Solahart Silhouette®

High solar yield and high performance

Over 1 million solar panels installed in Australia

## SOLAR-SMART HOT WATER

Solahart PowerStore® Australia's first solar-smart electric water heater.

Capture and use excess solar energy to heat your water

Over 13kWh of storage capacity, it's a bit like a battery but more affordable

Minimise the amount of power you draw from the grid
