

# THE LUXURY OF PROFESSIONAL RESULTS

MADE IN USA

# TOP LOAD WASHER & DRYER

## AWNE92

## ADEE9R / ADGE9R

- 8.5 kg
- Fast 37 min normal wash cycle with a quick wash of 33 min
- 210 deg agitation at 68 stokes per minute provide a superior washing result
- Heavy-duty, all metal Eversmooth transmission has only six moving parts for long lasting, durable performance
- Stainless Steel inner and Porcelain Steel outer bowl (Lifetime parts warranty against rust and corrosion)
- Programs include: Heavy Duty, Whites, Eco, Bulky, Delicates and Favourites
- Additional options include: Pre Wash, Extra Rinse, Soak and Delay Start
- 10 Amp standard power point required

- 9 kg
- Performance vented drying (35-45 min, load type and model dependent)
- Whisper quiet, superior airflow of 85 litres per second results in faster drying with less wear and creasing of clothes
- Four temperature settings and auto-sensing feature ensure the dryer does not over dry items, therefore saving time, energy and money
- 8 Drying cycles, favourite options, dryness and temperature selection, additional features such as Anti-wrinkle, Eco Dry and Signal finish
- Quick Dry Electric: 20 Amp / Super Quick Dry: Gas (Nat/LP) 10 Amp

## TRUSTED, RELIABLE, DURABLE, QUICK

As the worlds largest laundry specialist for over a century, at Speed Queen quality comes first. We don't compromise on components or cut corners in design and engineering.

We plan, we test, and we build our machines with commercial grade metal parts that are tested to last up to 10,400 cycles, which could be 25 years' worth of laundry in your home, so you know you're getting the quality, durable product, generations of people have come to know and love.

Locally connected - We have offices in Sydney, Melbourne, Brisbane, Adelaide and Perth with a network of over a 1000 sales and service partners nationally. If you require any further information on our Speed Queen range please visit [www.speedqueenhome.com.au](http://www.speedqueenhome.com.au) or call 1300washer (1300 927 437).

## TOP LOAD WASHER & DRYER

### AWNA62

### ADE3TR / ADG3TR

- 8.5 kg
- Fast 37 min normal wash cycle
- 210 deg agitation at 68 stokes per minute provide a superior washing result
- Heavy-duty, all metal Eversmooth transmission has only six moving parts for long lasting durable performance
- Stainless Steel inner and Porcelain Steel outer bowl (Lifetime parts warranty against rust and corrosion)
- Programs include: Normal, Permanent Press and Delicate
- Additional options include: High Efficiency, Rinse & Spin and Spin only
- 10 Amp standard power point required

- 9 kg
- Performance vented drying (35-45 min, load type and model dependent)
- Whisper quiet, superior airflow of 85 litres per second results in faster drying with less wear and creasing of clothes
- Three temperature settings and auto dry feature ensure the dryer does not over dry items, therefore saving time, energy and money
- Choice between: Time dry, Automatic dry, Permanent press and Automatic dry Delicate
- Quick Dry Electric: 20 Amp / Super Quick Dry: Gas (Nat/LP) 10 Amp

## FRONT LOAD WASHER &amp; DRYER

## AFNE9BSS PLATINUM

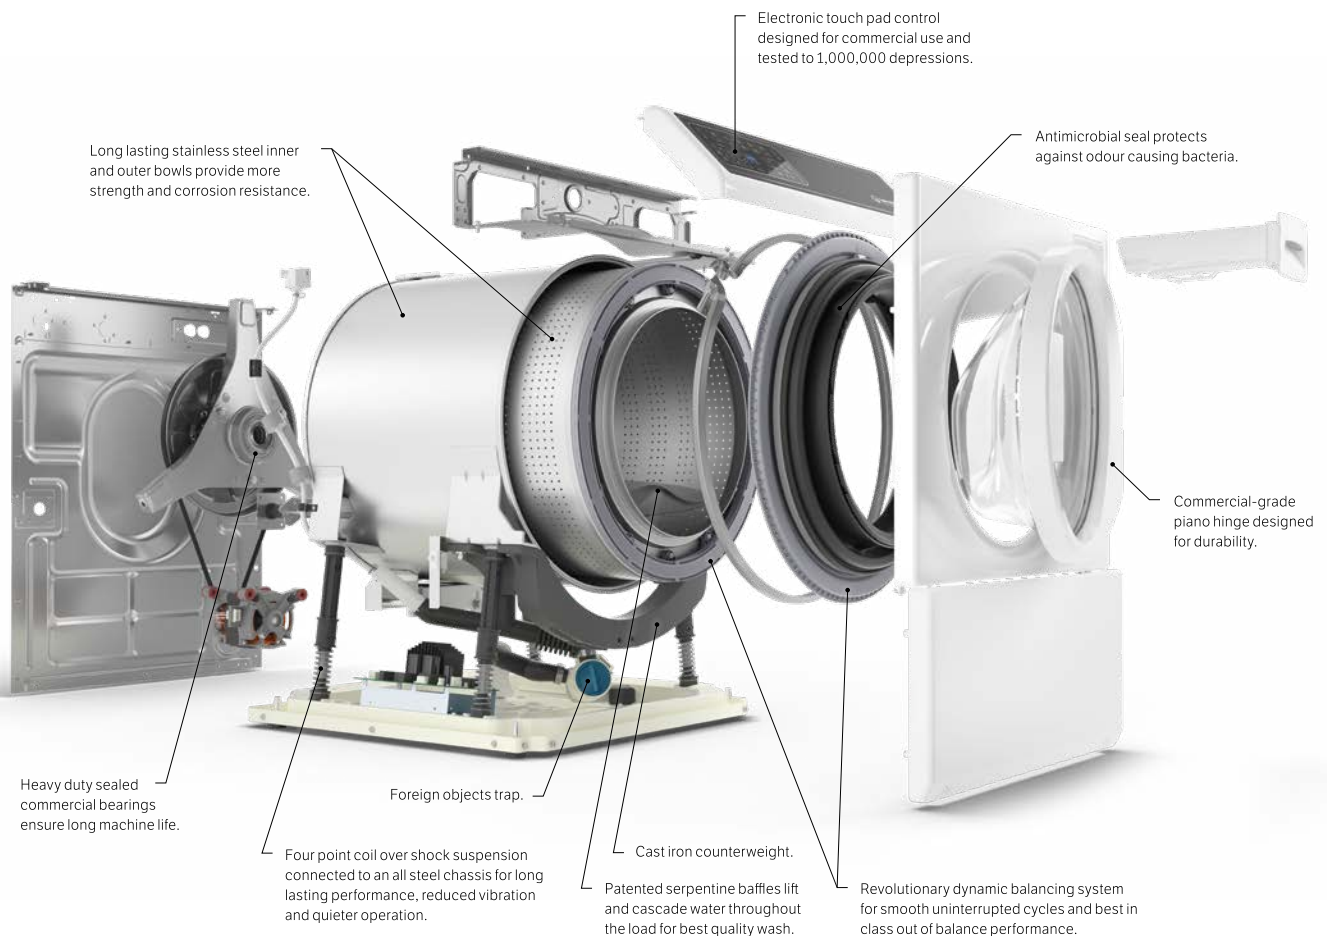

## ADEE9BSS / ADGE9BSS PLATINUM

- 10 kg
- Stainless Steel inner and outer bowl
- Maximum spin speed 1,200 rpm
- Door opens 180° for easy loading and unloading
- 440 G-force extraction: removes more moisture, minimises drying times and utility costs
- Programs Include: Heavy Duty, Whites, Bulky, Delicates and Favourites
- Additional options include: Pre Wash, Extra Rinse, Soak and Delay Start
- Extra rinse mode / 10 Preset cycles / Quick wash cycle just 24 minutes
- 4 Spin speeds / 4 Soil levels / 4 Water temperatures
- 4 Compartment dispenser

- 9 kg
- Performance Vented Drying (35-90 min load type and model dependent)
- Large, easy-to-clean lint compartment
- Largest door opening in the industry for easy loading and unloading with a Galvanised Drum
- Internal light and Reversible door hinge
- 8 Drying cycles
- 4 Drying temperature modes and 4 dryness modes
- Anti-wrinkle and Eco Dry modes
- Quick Dry Electric: 20 Amp / Super Quick Dry: Gas (Nat/LP) 10 Amp

# FRONT LOAD WASHER & DRYER

## AFNE9B

## ADEE8B / ADGE8B

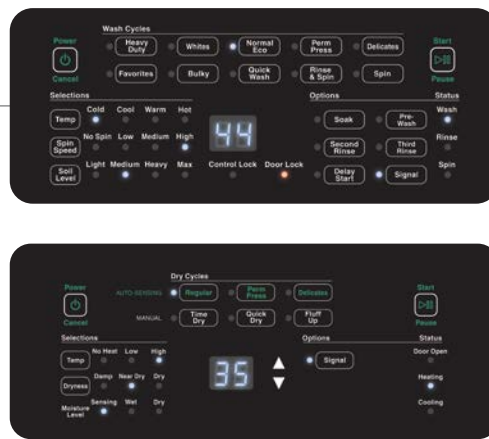

- 10 kg
- Stainless Steel inner and outer bowl
- Maximum spin speed 1,200 rpm
- Door opens 180° for easy loading and unloading
- 440 G-force extraction: removes more moisture and minimises drying times and utility costs
- Programs Include: Heavy Duty, Whites, Bulky, Delicates and Favourites
- Additional options include: Pre Wash, Extra Rinse, Soak and Delay Start
- Extra rinse mode / 10 Preset cycles / Quick wash cycle just 24 minutes
- 4 Spin speeds / 4 Soil levels / 4 Water temperatures
- 4 Compartment dispenser
