THE NEVER-ENDING SUMMERTIME

Quintessentially Australian, Summertime Pools are 100% Australian made and manufactured. Our high-quality range of fibreglass pools are made to last, easy to maintain and backed by our 30 Year Structural Warranty. Designed to suit all types of Australian backyards.

WE'RE TRUE BLUE

All our swimming pools are designed and manufactured in Victoria, Australia. We are proud to not only support but lead the local manufacturing of swimming pools, creating jobs for our fellow Australians and allowing us to tightly control quality.

ONLY THE BEST MATERIALS

We understand that a swimming pool, for any family, is a large investment. That is why we want to ensure you are able to enjoy your pool for a lifetime. With that focus in mind, we employ only the highest quality fibreglass and componentry within our products.

PEACE OF MIND

At Summertime Pools we believe in backing the quality of our product to stand the test of time, even in the harsh Australian environment. That is why we offer our pools with a 30 Year Structural Warranty, giving you complete peace of mind.

INDUSTRY LONGEVITY

Our three decades in the swimming pool industry have taught us many things, one of the most important being; to listen to our customers and respond to their needs. We're determined to help evolve the swimming pool industry, consistently delivering great outcomes for our customers.

WHY FIBREGLASS?

Installing a pool into your backyard is a huge investment for any family. At Summertime Pools we've chosen to offer our entire range of designer swimming pools in a high-grade fibreglass finish, bringing our customers the best pools in the market.

BUILD SPEED & QUALITY

We tightly control our manufacturing and installation process, delivering you a more reliable, consistent product that can be installed in your backyard in a matter of weeks with little disruption to your every day life.

DURABILITY & LONGEVITY

Your Summertime Pool will be built to stand the test of time and highly unlikely to encounter issues such as leaks and degradation that can be prevalent with other types of materials and styles of pools.

AESTHETICS & PERFORMANCE

As the centrepiece of your backyard, fibreglass gives you the ability to style the design of your pool with a plethora of colour finishes. Fibreglass pools also heat quicker than concrete pools, saving energy and costs over time.

LOW MAINTENANCE

Fibreglass pools are easy to clean and simple to maintain, leaving you with more time to simply enjoy the lifestyle you have created.

MAKING THE PROCESS SIMPLE

Our highly trained and friendly team are here to support you through the pool buying process, managing the entire process through to completion.

DESIGNING YOUR IDEAL POOL

Purchasing a pool can be an overwhelming experience. Our team of highly trained experts are here to help you design the ideal pool to suit your backyard, your needs and your style.

This includes:

- On-Site Consultation
- Size & Colour Selection
- Access Assessment
- System & Upgrade Selection
- Timeframe Planning

HIGHEST QUALITY MATERIALS & PROCESSES

At Summertime Pools we build all our pools locally at one of our two state-of-the-art facilities in Victoria. This allows us to control the entire manufacturing process and essential material used, ensuring the highest quality standards.

This includes:

- Made-To-Order Pools
- Local Pool Manufacturing
- Protective Coating Application
- Quality Control & Testing
- Delivery Management

TAKING CARE OF THE FINISHING TOUCHES

Installation day can be a very exciting experience for a new pool owner (and everyone in their street). However, this is a vital step in the process to ensure your pool operates effectively providing years of enjoyment.

This includes:

- Excavation & Site Preparation
- Plumbing Pool Shell
- Lift In, Back Fill & Bond Beam
- Water Fill & Balancing
- Equipment Installation

ENSURING YOU GET THE MOST OUT OF YOUR POOL

Understanding how your pool works and how to operate it efficiently is the key to ensuring you get maximum enjoyment out of your pool, immediately and years into the future.

Our handover process includes:

- On-Site Handover
- Thorough Vacuum & Clean
- Water Testing & Balance
- Control System Set Up
- Ongoing Phone Support

chilli

CHILLI POOL HEATER

The average swimming season for a pool without heating is approximately 3 months. With advancements in pool heating technology, including inverter heat pumps, we are now able to extend your swimming season by cost effectively heating your pool for 7 months of the year - and beyond.

Chilli Pool Heater's are quiet and extremely cost effective to run, allowing you to maximise your investment.

SWIM SEASON

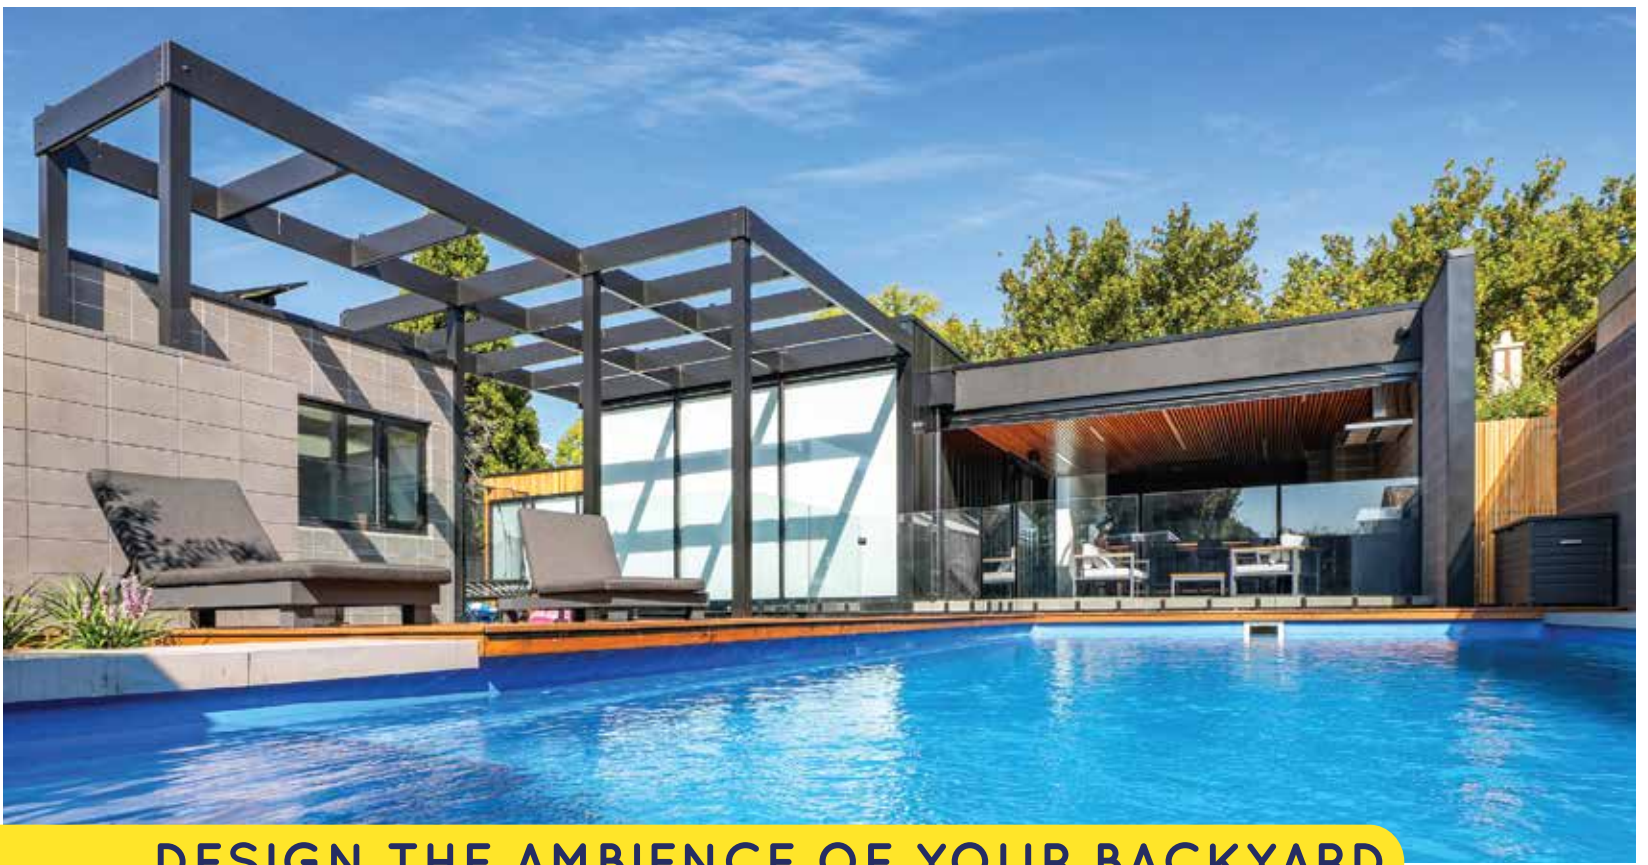

3 months (no heater)
7 months (chilli pool heater)

ZEP

ZEP ENERGY EFFICIENCY

At Summertime Pools, we have teamed up with one of Australia's leading solar energy providers, designing the integrated Zero Emissions Pool (ZEP) system. ZEP matches the ideal solar and energy efficiency system to your pool requirements, allowing you to heat your pool to 27°C for 7 months of the year, as well as filter and clean your pool for the remaining months - without incurring any additional energy costs.

Please note that terms and conditions apply*

DESIGN THE AMBIENCE OF YOUR BACKYARD

A pool is the hero piece of any backyard. With 10 trend colours to choose from, you can style your pool to suit any setting. From traditional to modern, glitzy to glamorous, we've got a solution to suit your needs.
