Luxury Organic Tallow Skincare | Handcrafted in the Hinterland of Byron Bay on Bundjalung Country

## who are we?

Sēlkyn Tallow is a luxury skincare brand crafted in the hinterland of Byron Bay with organic ingredients and thoughtfully infused botanicals, creating a skincare range that is highly effective and deeply nourishing for the skin.

Our formulations are free from harmful chemicals, endocrine disruptors and industrial seed oils. Instead we focus on ingredients the skin can recognise, making our products suitable for all skin types and ages, including sensitive and inflamed skin.

We are a woman-owned business with over twenty years of experience creating herbal remedies and skincare for the home and family. Every product is made with care, integrity and a commitment to sustainability, quality and long term outcomes.

## Why choose Sēlkyn Tallow?

At Sēlkyn Tallow we hold the highest standard of purity and craftsmanship, offering something truly unique in the tallow skincare industry.

- **100% Organic + Grassfed Tallow** - Why is this important? If the tallow is not organic it will still contain chemicals used in mainstream farming practices such as glyphosate (round up), pesticides, herbicides and fungicides, antibiotics, growth hormones, heavy metals and industrial chemicals and pollutants found in feed, pasture and drenching.
- **Organic herbs + botanicals** - Herbs such as Calendula, Lavender, Rose and vanilla bean, gently steeped through our unique slow infusion process, allowing their full medicinal benefits to merge with the balm.
- **Essential Oil free face and body balm** - which means it is safe for all skin types and age groups.
- **Every ingredient is natural, organic and non-toxic** - and safe enough to consume
- **The result is something truly distinctive and refined** - Silky, subtle and alive with plant medicine.

**Our unique botanical infusions set us apart from other brands**

### Apothica - Calendula + Lavender:

Deeply restorative, medicinal, soothing and pure. Infused with the healing power of calendula and the calming essence of lavender.

Calendula soothes irritation and supports skin repair, while lavender offers a gentle, calming aroma and promotes balance for sensitive or stressed skin. Perfect as a daily face cream, all-over body moisturiser, or soothing treatment for dry, damaged, or delicate skin. Eczema & dermatitis safe

### Decadence - Rose + vanilla:

A luxurious organic tallow balm infused with the delicate beauty of rose petals and the warm, comforting notes of vanilla bean.

The infusion of rose helps to calm redness and support skin renewal, while vanilla provides powerful antioxidants and a decadent natural aroma. Together they create a balm that is both deeply moisturising and sensually uplifting, making it perfect as a daily face cream, full-body moisturiser, or night balm for radiant, supple skin.

### Tallow Deodorant- Bi-Carb base - Lemon Myrtle:

Our natural deodorant paste is formulated with a bi-carb and arrowroot base to create a gentle alkaline environment that naturally reduces odour-causing bacteria and helps keep you fresh throughout the day. Blended with slow-infused calendula and lavender botanicals, supporting the skin to deliver both protection and nourishment. Lemon myrtle essential oil is added to combat body odour, creating a well rounded, easy to apply deodorant paste.

### Tallow Deodorant Paste - Bi-carb free Frangipani, Eucalyptus + Mandarin:

Our bi-carb free paste for sensitive armpits is formulated with a diatomaceous earth and arrowroot base to create a gentle alkaline environment that naturally reduces odour-causing bacteria and helps keep you fresh throughout the day. Blended with slow-infused calendula and lavender botanicals, supporting the skin to deliver both protection and nourishment. Frangipani, Eucalyptus and Mandarin essential oil are added to combat body odour, creating a well rounded, uniquely scented, easy to apply deodorant paste

### Tallow Lip Balm - Peppermint:

Cooling, cleansing and deeply reviving. Nourish your lips naturally with our organic tallow lip balms, handcrafted from 100% grass-fed, organic tallow for deep hydration and lasting protection. Rich in essential vitamins A, D, E, and K, tallow locks in moisture and helps repair dry, cracked lips without the use of synthetic fillers or petroleum.

### Tallow Lip Balm - Rose Geranium:

Rose Geranium - Floral and uplifting - softly romantic. Nourish your lips naturally with our organic tallow lip balms, handcrafted from 100% grass-fed, organic tallow for deep hydration and lasting protection. Rich in essential vitamins A, D, E, and K, tallow locks in moisture and helps repair dry, cracked lips without the use of synthetic fillers or petroleum.

### Tallow Lip Balm - Vanilla:

Soft and Silky with a whisper of sweetness. Essential oil free. Nourish your lips naturally with our organic tallow lip balms, handcrafted from 100% grass-fed, organic tallow for deep hydration and lasting protection. Rich in essential vitamins A, D, E, and K, tallow locks in moisture and helps repair dry, cracked lips without the use of synthetic fillers or petroleum.

### Tallow Hair Mask:

Our tallow hair mask is specially formulated for hair growth and hair strength - infused with Comfrey and Rosemary and enhanced with peppermint and blue tansy essential oil.

### Face mask

A delicate blend of mineral clays and botanical powders designed to gently purify, soften and replenish the skin. Bentonite clay draws out impurities while rose, aloe vera and avocado offer soothing nourishment. Kakadu plum and niacinamide support brightness and skin resilience, leaving the complexion feeling smooth, calm and revitalised.
