3. Forever Arctic Sea®

#376 / **FAST FACTS:**

- Supports a healthy heart
- Supports optimal cognition
- Exclusive blend of omega-3s
- Pure source of EPA and DHA

A perfectly balanced blend of omega-3s.

Advanced nutrition that puts the power of the sea in the palm of your hand. Forever Arctic Sea® features our exclusive blend of oils to provide you with a perfectly balanced omega-3 supplement.

Fish and calamari oils provide a perfect harmony of EPA and DHA omega-3 fatty acids that your body may be lacking. While research shows omega-3s provide a wide array of nutritional benefits for humans, they are not produced naturally in our bodies. Food alone often isn't enough to achieve the right balance of EPA and DHA, especially if seafood isn't a regular part of your diet.

Forever Arctic Sea puts the ideal proportion in an easy to take softgel with a pleasant citrus flavor and aroma. We sourced our omega-3s from not one but four pure fish oils from cod, salmon, anchovy and sardine to harness the unique nutritional benefits.

Omega-3 fatty acids support wellness in key areas of the body, including cardiovascular and immune function.

Research has also shown that DHA can support mood, emotional health and optimal cognition.

Give your body the nutrition that only the sea can provide with our ocean friendly and responsibly harvested formula.
