

A long, covered deck with a wooden ceiling and white columns, featuring Trex Transcend decking. The deck is made of wide, light-colored planks with dark grooves. The ceiling is made of dark wood planks. White columns support the roof. A large potted plant is on the left, and hanging flower baskets are on the right. The deck leads to a railing overlooking a garden with purple flowers.

COOLER UNDER THE SUN

Reflects the sun and your sense
of style. Transcend Lineage is
engineered to keep your deck cooler,
even on the hottest days.*

PEACE OF MIND

Our 50-Year Limited Residential
and Fade & Stain warranties
mean you're covered (and
confident) for decades to come.

SUPERIOR DURABILITY

Transcend decking maintains its
colour and finish — come sunshine
or red-wine spill — thanks to its
unyielding shell protection.

Board Size

140mm x 25mm x 5.48m

Slip Rating

*Although Trex Transcend Lineage is designed to be cooler than most other composite decking products of a similar color, on a hot sunny day, it will get hot. On hot days, care should be taken to avoid extended contact between exposed skin and the deck surface, especially with young children and those with special needs.
