WE ARE YOUR BEST  
SOLUTION FOR ALL YOUR  
FENCING & BALUSTRADING NEEDS

# ISOLATE™ FENCING

INTRODUCING OUR CUSTOM  
DESIGNED FENCING SYSTEM  
EXCLUSIVE TO WA POOL FENCING

Isolate™ is a new custom made fencing system which is designed to meet all Australian Pool Safety Standards. Designed and created by WA Pool Fencing, Isolate™ Fencing provides fencing that gives a modern and seamless finish to your outdoor area.

The fence features individual square profiles made from aluminium, which is strong, durable & ideal for use around pool areas and gardens. Aluminium is long-lasting, rust-free and can withstand intense weather conditions while maintaining its durability.

The Isolate™ fencing system has been tested and certified by the National Association of Testing Authorities (NATA) for Swimming Pool Fencing compliance.

The posts are powder-coated in the colour of your choice, offering a long lasting, durable finish that integrates perfectly with your landscape with the option to powder coat the posts in colours to suit your residence.
