# ABOUT US

For over 25 years, we've been supplying and installing premium security fencing solutions for businesses and residences across the state. Based on the Gold Coast, we're proudly 100% Australian owned and operated, delivering quality products, expert installation and reliable services and products to our customers.

Our reputation has been built on a commitment to these core values:

- ***Commitment & Trust***
- ***Honesty & Reliability***
- ***Safety & Environment***
- ***Quality & Service***

They serve as the foundation of our operation and are the reason we established such long-lasting relationships with businesses, governments and organisations throughout the state, public and private – including schools, airports, councils, and more.

We've worked with mining heavyweights and AFL teams, country clubs and retail precincts, offering the very highest standing of fencing products.

## PRODUCTS & SERVICES

# COMMERCIAL

At dFENCE we provide professional fencing services tailored to businesses, industrial facilities, and commercial properties of all sizes. Our team specialises in installing secure, durable, and visually appealing fencing systems designed to protect assets, control access, and enhance property presentation. From chain wire security fencing and Colorbond installations to automatic gates and custom perimeter solutions, we deliver reliable workmanship and high-quality materials built to withstand demanding environments.

With a focus on efficiency, safety, and long-term performance, dFENCE works closely with property managers, builders, and business owners to complete projects on schedule and within budget. We understand the importance of security and compliance in commercial settings, which is why every fence is installed to meet industry standards and site-specific requirements. Whether it's a warehouse, retail complex, school, or construction site, our experienced team is committed to providing fencing solutions that combine strength, functionality, and professional appearance.

# RESIDENTIAL

At dFENCE we specialise in designing and installing high-quality fences that enhance the beauty, privacy, and security of homes. Whether homeowners are looking for classic timber fencing, durable Colorbond options, stylish aluminium designs, or custom gates, our experienced team delivers craftsmanship built to last. We work closely with each client to understand their property, budget, and style preferences, ensuring every project complements the home while meeting practical needs.

With a strong reputation for reliable service and attention to detail, dFENCE takes pride in completing projects efficiently and professionally from start to finish. Our team handles everything from new fence installations and replacements to repairs and boundary fencing for residential properties of all sizes. Using premium materials and proven installation techniques, we create fences that not only improve curb appeal but also provide long-term value and peace of mind for homeowners.

Quality, Health, Safety and Environmental (QHSE) principles are integral to every aspect of our operations, from the tendering and planning stages through to project delivery and the way we support our employees and clients.

Our commitment to maintaining high standards of quality, workplace safety and environmental responsibility is demonstrated through our accreditation to the following internationally recognised standards:

• ISO 9001:2015  
(Quality Management System)

• ISO 14001:2015  
(Environmental Management System)

• ISO 45001:2015  
(OHS Management System)

We are committed to continually improving our systems, processes and practices to ensure that quality, health and safety, and environmental considerations remain at the forefront of everything we do.
